ROBERT R. BRIGGS,
Section Director.

FUNERAL TODAY—Mr. and Mrs. J. W. Briggs arrived in Phoenix yesterday from San Diego, called here by the death of Mary W. Hickey, a sister of Mrs. Briggs. The funeral will be held this morning at 10 o'clock from the Mohr and Driscoll chapel, E. N. Phillips of the Christian church officiating.

NEW LIGHTS—City Electrician Carson is engaged in installing ornamental electric light standards on Second street between Adams and Washington streets and on East Adams street between First and Second. Owing to delay in receiving material these lights will not be placed in commission for several nights.

FUNERAL OF MRS. NESS—Mrs. Victoria Robert Ness will be buried today at 3:00 from Moore & McLellan's undertaking parlors. Two brothers of Mrs. Ness are expected to arrive from San Diego this morning and on their account the funeral was postponed until today. Rev. Mr. Campbell will officiate and the interment will be in Greenwood cemetery. The Fraternal Brotherhood will have charge of the ceremonies.

LADIES' AID OF ST. MARY'S—The Ladies' Aid and Altar society of St. Mary's church will hold a cooked food sale at the New Market on East Washington street, Saturday, March 16. The sale will begin at 9 o'clock Saturday morning and ladies will be on hand to sell pies, cakes, cookies, doughnuts, bread and rolls, salads and meats of all kinds, and chicken pies. The patronage of every one is most earnestly solicited.

HERE TO STAY—Colonel W. E. Snelling came, saw, was conquered and remains. The Colonel comes from Sheridan, Wyoming, where it gets cold enough in the winter to freeze the rays from an arc light. The winter now drawing to a close has been especially severe and the colonel has no ambition to experience another like it. The latest acquisition to Phoenix' business and social life was attracted to the Salt River valley through the boosting ability of Captain Snively, also a Sheridanian who preceded him a few months. Colonel Snelling says that it is fully up to sample and he verily believes the best place on earth. Accompanying him are his wife, son and two daughters. Colonel Snelling will engage in the auction business here, having wide reputation through the northwest in this line of work, frequently conducting sales of a thousand head or more. His office will be with Costley and Thompson.

Our Typewriter Man is ready to repair your machine at a moments notice.

The McNeil Company

COMMERCIAL GUESTS—A few of the Commercial guests last night are D. E. Lynch of Kelyvin, Mr. and Mrs. Leonard George of Chandler and Patsy Hollihan and wife of Ash Fork.

CIVIL SERVICE EXAMINATION—A civil service examination has been in progress at the capitol for two days, there being two applicants for industrial teacher in the Philippines and one for topographic draftsman.

COURT TODAY—Judge Morrow of the United States district court for the district of Arizona will hold court this morning. A brief session of the superior court may be held later. On Saturday Judge Phillips is expected to hand down a decision in the Marsh liquor case.

A FREQUENT CHARGE—If Antonio Valenzuela sold liquor to Indians on the Salt River reservation that fact is likely to be discovered at an inquisition to be held by United States Commissioner C. W. Johnston on March 16th. The prisoner was arraigned yesterday.

SNOW HERE YESTERDAY—Edwin H. Snow, who represents the Forbush Shoe company, North Grafton, Mass., arrived here yesterday and will spend two days, combining business and pleasure. He is looking over valley lands and may decide to buy a place he has an eager eye upon.

MISSOURIANS TO MEET—Local people who claim Missouri as their former home will hold a meeting Saturday afternoon on the Central school grounds for the purpose of making arrangements for a picnic to be held in April. Arrangements have been made to secure the services of a photographer as it is desired to have pictures made of those who attend the meeting.

MARRIAGE LICENSES—Marriage licenses recently issued at the office of the clerk of the superior court involve the future happiness of John J. Hartsfield and Lillian May Land, both of Maricopa; James E. Goodwin of Yavapai, and Minnie V. Smith of Maricopa; William H. Sharp and Bertha M. Fuel, both of Maricopa; Joseph A. Britz and Amelia Hill, both of Maricopa.

ROOSEVELT CLUB—A telegram to Dwight B. Hoard from C. E. Whitaker of Globe, states that the Roosevelt club of Globe has just been organized. George R. Hill is president, Charles W. Clark vice-president, W. S. Redman secretary, and W. A. Comer treasurer. The telegram says the organization will cover all the Globe county precincts, in which a strong pro-Roosevelt sentiment is said to exist.

JUDGE GOING VISITING—Superior Judge J. C. Phillips is invited by Superior Judge Frank O. Smith of Yavapai county to sit in his jurisdiction for the purpose of trying several cases in which Judge Smith is disqualified by reason of his connection with them as attorney before his elevation to the bench. Judge Phillips has accepted the invitation and will hold court in Prescott on March 25, 26 and 27.

LETTER FROM PARKER—S. W. Higley, of The Republican, has received the following letter from H. W. Parker, a resident of St. Paul and a brother of Gilbert Parker, who visited Phoenix recently: "I have just returned from New York where I spent two weeks with Sir Gilbert and he is loud in his praise of Arizona and Arizona people. He will, I am quite sure, again visit your city and state at no distant date, and when he does I shall strive to journey there at the same time."

DRAFTING EMERGENCY BILL—Attorney General George Purdy Bullard is busy drafting an emergency measure which will be presented to the legislature as soon as that body is organized. The bill provides ways and means for calling a grand jury throughout the state to get down to the trial of criminal cases. It is probable that the bill will become a law by the middle of the week, and the jury in Maricopa county will be summoned as soon as practicable thereafter.

RECORDS RECEIVED—The office of the clerk of the United States district court yesterday afternoon received the receiving room of a first class postoffice. Thirteen cases of registered mail matter arrived from district number one. These records are being tabulated and filed in the vault by Clerk Jaynes and his corps of talented assistants. Similar shipments will be received from each of the counties in the state. The clerk hopes that he has room enough for their accommodation, but it will be a tight squeeze.

GETTING A JURY—United States Jury Commissioner Vernon Clark is playing solitaire with the great register of Maricopa county from which a venire of more than three hundred names will be drawn for service in the United States court for the district of Arizona when the criminal calendar is called. Ordinarily this panel would be selected from the state at large, but in order to facilitate the initiatory work of the court the jury-men will all be drafted from this county. This will enable the marshal and his assistants to serve summonses without delay and start the trial work of the court at an earlier date than would otherwise be possible.

STRANGER'S CLUB—A new club has been formed in the Y. M. C. A. which is certainly going to prove a splendid attraction for all young men in the city whether members of the association or not. The club has been called "The Stranger's club" and its prime motive is to study "Bible Facts and History," but getting acquainted and social times together will prove no small factors in this new organization. C. O. Wine was elected president, with Alice Neilson as secretary and treasurer. J. C. Van der Las will have charge of the teaching and under his able leadership many an interesting evening will be spent together. The club will meet every Thursday evening at 7:30, in the educational room of the Y. M. C. A., and it is hoped that every man who can will avail himself of this splendid opportunity and come and get acquainted next Thursday evening.

FROM SAFFORD—When Candidate for the Speakership A. R. Lynch "lit" at the Adams yesterday he was accompanied by B. F. Thum, who hails from the same geographical division.

CHURCH INCORPORATED—Incorporation papers were filed yesterday in the recorder's office for the West End Baptist church. The incorporating trustees are W. D. List, J. S. Smith and Henry M. Welborn.

SUCCESSFUL TEA—The donation tea held yesterday afternoon at St. Luke's home was largely attended, and the visitors learned many interesting things about the scope and conduct of the work there and the scientific treatment of tuberculosis.

LECTURE TO FARMERS—Professor R. H. Forbes of the Arizona experiment station will speak this afternoon at 2 o'clock in the Water Users building under the auspices of the farmers institute of this county. His subject will be the intensive cultivation of alfalfa a topic that should interest every owner of an acre of land in this valley and surely there is no one more competent to discuss the subject. Beside being a man who has given alfalfa growing scientific study and attention Professor Forbes has a personal acquaintance with all local conditions having been in his present work here for many years. The meeting is not for farmers or members of the institute exclusively but all who are interested will be welcomed and it is hoped there may be a large attendance.

MISSIONARY SOCIETY MEETS—The women's home missionary society of the First M. E. church will meet at the residence of Mrs. Levi Young, 915 East Van Buren street this afternoon, at 2:30 o'clock. All ladies are cordially invited to attend.

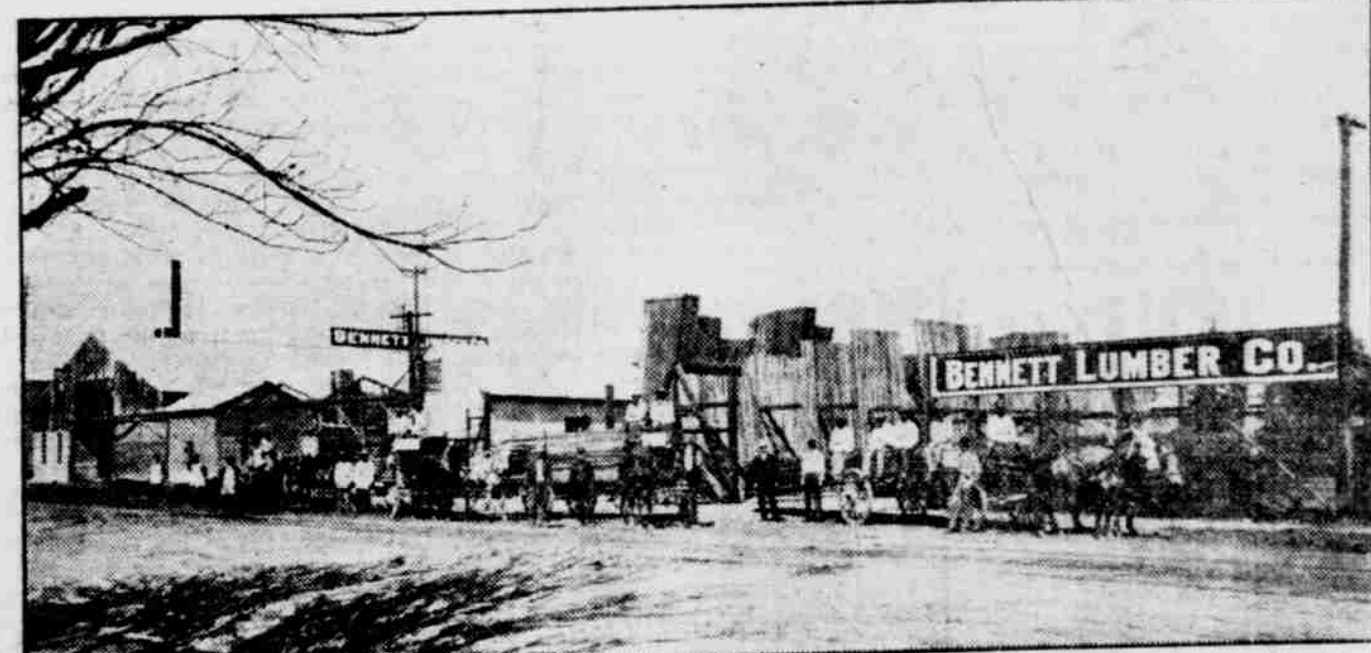

HERE FOR SESSION—Perry Hall of McCabe, representative from Yavapai county, arrived here yesterday, accompanied by his daughter, Mrs. Conn. Mrs. Hall was intending to come and may join them later, but for the present she has gone to Alamogordo, N. M., in response to news of the illness of her mother.

REVIVAL MEETINGS—The series of revival meetings now being held at the First Baptist church are well attended and effective. Last night the service was better than on any previous night. The sermon was impressive and the music was equally so. The song service is under the leadership of exceptionally talent. He has labored with Gypsy Smith along the coast and elsewhere and is known the country over as a singing evangelist. Several professions of faith were made last night as the result of the meetings, which will be continued nightly.

Why We Do It Better

Our washing machines have about thirty times the capacity of the wash tub. We change water at least six times while washing one load. It takes an hour and a quarter to wash them. We use plenty of steam, hot and cold water and plenty of everything. And we know how. Send your laundry to a modern white laundry.
